★ **HOST A CARD STOP** ★

A new revenue stream for your space — at zero cost to you.

Abbott Trading Card Group places The Card Stop — a clean, modern trading-card vending machine, set up to vend either single sleeved cards or sealed booster packs — in high-traffic venues. You earn a share of every sale. We own, stock, and service it. You do nothing.

EARN PASSIVE REVENUE

You collect a revenue share on every sale — money from floor space you already have.

MORE FOOT TRAFFIC & DWELL TIME

A fun, eye-catching draw for families and collectors that keeps guests in your space longer.

ZERO COST & ZERO EFFORT

No purchase, no rent, no restocking, no maintenance. A small footprint and a clean retail look.

HOW IT WORKS

- 1 You provide a small spot (about 2 ft x 2 ft) and a standard outlet.
- 2 We install, stock, and brand The Card Stop — at no cost to you.
- 3 We restock and service it on a regular route. You never touch it.
- 4 You receive your revenue share on a simple, agreed schedule.
