WHY THIS CATEGORY — WHY NOW

Trading cards are one of retail's hottest everyday categories — and Pokémon leads it. The people buying are already walking through your doors.

Collectible trading cards have grown into a mainstream, all-ages hobby: kids and teens buy on impulse, parents buy treats and gifts, and a fast-growing community of adult collectors buys regularly. **Pokémon sits at the center of it all** — the single most recognized name in the category, and the reason first-time buyers walk up to the machine. It's fun, social, and it sells quickly wherever it's placed — exactly the impulse purchase a bright, well-placed machine captures while guests are already in a treat-yourself mindset.

Southern Utah pairs a fast-growing local population with heavy year-round visitor traffic through the St. George / Hurricane corridor. Venues where families and fans already gather are the ideal home for a machine that turns idle floor space into recurring income — at no cost or effort to you. **This is the category to add now, and Pokémon is the name that pulls people to it.**

Figures are 2025 industry estimates, included to illustrate category momentum. Abbott Trading Card Group is an independent business and is not affiliated with, endorsed by, or sponsored by any game publisher.

WHY HOST THE CARD STOP

FREQUENTLY ASKED QUESTIONS

What is The Card Stop & how does it work?

A modern Pokémon trading-card vending machine. A guest taps or inserts a card (card-only, cashless), picks any slot, and the machine dispenses a genuine cased item at random — a mystery booster pack for a flat \$25. You can't pick the exact pack or set, but it's always authentic and sealed.

What does it sell?

Factory-sealed, authentic Pokémon booster packs — one product, sold as cased mystery packs at a flat \$25. Every pull carries a chance to win a graded chase card. Always genuine product at one fair, flat, posted price.

What are the benefits of hosting?

A 10% share of every sale, more foot traffic and dwell time, and a fun, modern draw — all with zero cost, setup, or effort on your part.

Is there any cost to us?

None. No purchase, no rent, no setup fee. You provide a small spot and a standard outlet; we cover the machine, inventory, service, and payment processing.

Do we restock or maintain it?

No — we handle everything. Abbott Trading Card Group restocks, cleans, and maintains the machine on a regular local route. You never touch it.

Does it need special power or internet?

Just a standard wall outlet. Card payments run over a built-in cellular connection — no Wi-Fi or wiring needed from you.

Does it take cash?

No — it's card-only and cashless. Guests tap or insert a card, which keeps your venue free of cash handling and reconciliation.

Is a valuable card sitting in the machine?

No. Any graded chase card is held **securely off-site** and awarded by a **verified claim** — a winning pull carries only the entry, not the card itself. So nothing of the sort sits unattended in your venue.

Can we choose where it goes?

Yes. You choose the spot within your venue, and we'll help find the location that maximizes visibility and convenience.

How do we track sales & get paid?

Every sale is cashless and tracked in software, so there's a clear, verifiable record of every vend. You receive your **10% share** on a simple, agreed schedule with a clear statement.

How long are we committed?

A short, flexible term you can end with notice. No exclusivity required, and we can relocate the machine within your venue if needed.

Who do we contact?

Our team at hello@abbotttcg.com, AbbottTCG.com, or (828) 536-9660 — we're local and quick to respond.

LET'S BRING IT TO YOUR VENUE

Getting started takes one short conversation. Here's all it involves:

- 1 Say hello.** Reach out and we'll set up a quick, no-pressure visit at a time that works for you.
- 2 Walk the space.** We'll find the best spot together and confirm the simple details in a short written agreement.
- 3 We install — you earn.** We deliver, set up, and stock the machine, and your 10% revenue share starts with the very first sale.

Ready to add a no-cost revenue stream?

Let's talk about the right spot for a Card Stop in your venue. We're local, we're quick to respond, and we make it easy.
